A UNIQUE APPROACH

FOUR STREAMS OF EDUCATION

The following four streams of education are combined to create the **highest quality curriculum** for our students.

Academics: *creating value in hard work by challenging the mind*

Athletics: *encouraging athletic potential to develop and strengthen the body*

Fine Arts: *embracing creativity and artistic expression to restore the soul*

Work Study (Service): *developing essential career and leadership skills while challenging the heart*

At Hampden DuBose Academy, the goal in each of these four streams is to teach students how to learn, how to work, and how to serve. We believe an individual's character is developed when the heart, soul, mind, and body are collectively challenged. As a result, **the campus community is enriched by students who genuinely love and care for one another.**

WORK, PLAY & SERVE TOGETHER A CAMPUS CULTURE UNLIKE ANY OTHER

With Christ-centered curriculum, a breathtaking campus, caring and accessible staff, a rich extracurricular offering, and a diverse and growing student body, HDA has a legacy of **providing the highest quality education** to our young scholars.

However, the single greatest distinction on our campus is found within our campus culture. Our student body is loved and cared for as if they are a part of one family.

Our students serve each other, learn, play and work together. Our faculty and staff are friendly and responsive to individual needs and concerns. New students are welcomed into this growing family and quickly become immersed in a rich campus community.
